CALL FOR TENDERS

Dear Sirs,

The Ministry of Defense – Navy – Supply Direction invites you to submit a proposal for the supply of goods described below, in which it must comply with the following terms and conditions:

1. Aim of the Procedure

1.1. The contractual Procedure aims the award of goods mentioned in Annex F and, listed in annex B to the Specifications and in accordance with the respective clauses and annexes.

1.2. The Public Procurement Code rules this Procedure.

2. Call to Hire

The competent body to hire, authorize the expenditure and approve the Procedure is the one, mentioned in Annex F to this Call, under the sub-delegated powers, in conjunction with articles 36th, 38th e 40th of the Public Procurement Code.

3. Contracting Authority

The public contracting authority is the Ministry of Defense – Navy, represented by the Supply Directorate at Lisbon Naval Base - Alfeite, CP 2810-001 Almada.

4. Selection of Procedure

Based on economic standards, efficiency and effectiveness, combined with material's nature to acquire and degree of urgency, it has been approved and chosen the mentioned procedure in Annex F of this Call.

5. Availability of the Procedure

This Procedure will be fully available according to Annex F of this Call.

6. Clarifications and Corrections

6.1. The necessary Clarifications for the understanding and interpretation of the whole Procedure must be requested by the end of the first third of the period for submission of proposals, by electronic means, which is defined in Annex F of this Call.

6.2. The referred Clarifications in the previous number shall be provided by the end of the second third period for submission of proposals.

6.3. Clarifications and Corrections belong to this Procedure and prevail over these in case of difference.

7. Errors and Omissions

Up to the five-sixths term of the period for Submission of proposal, competitors can submit to the competent body the Call to hire a list in which they identify, expressly and unequivocally, the detected errors and omissions in the specifications, in accordance with article 50th of the Public Procurement Code.

8. Deadline, Mode and Place of delivery

8.1. Proposals shall be delivered, promptly, until time/date and location shown in Annex F of this Call.

8.2. The set date for the submission of proposals can be extended for an appropriate period at the request of the parties and in duly grounded cases.

8.3. The way for submission of proposals is exclusively carried out electronically in accordance with annex F.

9. Proposal Documents

9.1. The proposal shall come along with the following documents, individually signed and with use of qualified electronic, prior to proposal submission, under penalty of exclusion:

a. Declaration of acceptance of the content of the Specifications, prepared according to annex I of the Public Procurement Code, in annex A to this Call, signed by the contractor or his representative with power to do so.

b. Document, according to Annex E, with the attributes information, terms, conditions and detailed technical information. The document shall be fully filled namely the identified fields as being mandatory, or replacing another one expressly containing the same information, in the referred Annex;

c. Document proving the subscriber's power of representation, and his/her quality / ability to compel the company (permanent certificate, power of attorney or equivalent document), in accordance with no. 4 of article 57, of the Public Procurement Code.

9.2 Shall be eventually submitted any other documents in which the competitor may deem necessary to the clarifications of the proposal attributes.

10. Proposal Elements

10.1. Total amount in EUROS, with no more than two decimal places, not including VAT, and plus that tax to these prices, at legal rate. If there's a divergence between price in words and figures shall prevail the price in words and in installments;

10.2. If the unit price is shown with more than two decimal places, shall prevail the one with two decimal places by default;

10.3. If any divergence comes between the unit price and the total amount of the proposal, shall prevail the unit price per supply unit as shown in Annex A of the Specifications, per article in each lot;

10.4. The applicable tax at legal rate shall be separately indicated. In cases of exemption it is mandatory to mention the appropriate legal basis (standard, article, number, sub-heading);
10.5. Payment conditions, prepared in accordance with the key dates as supply, conditioned, where applicable by the Specifications.

10.6. Expiration date of the proposal, never less than 90 (ninety) days.

10.7. Discrimination of the supply period with a stagger express in days and/or described per figures, per lot. The period which is to present term supply will always have to be in calendar days, counting on Saturday, Sunday and Holidays;

10.8. If the presented period term is shown otherwise other than calendar days, it will be converted into calendar days as shown in the previous number. If there is a divergence between dates by figures and words, it will always prevail the one, which shows the shortest term.

10.9. Whenever proposals are presented by trading company or grouping, it must be signed by anyone who has powers to compel them.

11. Sample Delivery

11.1. Whenever Technical Specification, or Annex A of the Specification is required, the competitor has to deliver the respective sample for verification of compliance with the requirements and characteristics, which are defined in the Technical Specification.

11.2. The sample is delivered in spare section of the Technical Operating Division of the Supply Direction, until 15h00 of the last working day of deadline for the submission of the proposal.

11.3. The non-delivery of the sample, as described, is the reason for his exclusion.

12. Alternative proposals

Variant proposal are absolutely not accepted to this procedure in accordance with no. 7 of article 59th of Public Procurement Code, in other words, which may alter the Specification clauses

13. Period of validity of the proposals

The minimum period of the proposed maintenance obligation is 90 (ninety) days.

14. Award Criterion

14.1. The award criterion is mentioned in annex F of this Call.
14.2. Unit prices must take into account unit base prices, if applicable.

14.3. If there are several lots awarded to the same entity, it shall be carried out a single contract, resulting in the same obligations to each one of the identified benefits.

14.4. It can be carried out partial awards, if there is a need of an adjustment regarding to public interest to acquire.

14.5. After the award criterion is applied, and if it is found a tie situation between two or more competitors, these will be notified by electronic mail, in order to attend on the indicated date and time in the identified address of this call, for the application of the raffle method not requiring their presence. The raffle shall consists of the identification of the names of the competitors, in A5 sized sheets folded into four equal parts and put in a black sack, being drawn to luck merely one of the sheets by an element of the jury. The award shall be made to the identified competitor in the drawn sheet. This raffle shall be made in the presence of at least two elements of the jury and the representatives of the identified firms who want to be present.

15. Trading and Electronic Auction

No place whatsoever for negotiation and electronic auction of the proposals.

16. Admission and Exclusion of the Proposals
